

**Product Name:** Deluxe Y-Style Mount

**Part Number:** EZ 30-18

**Description:**

The EZ 30-18 Deluxe Y-Style Mount is specifically designed to secure antenna masts to a wall, providing exceptional stability and support. This mount is ideal for use with masts ranging from 1" to 1.75" in diameter, with optimal performance when used with masts measuring 1.25" to 1.50" in diameter.

**Key Features:**

- Unique Y-style design incorporating a third leg for enhanced stability.
- Provides an 18" stand-off distance from the wall.
- Constructed from durable 1-1/4" x 12-gauge galvanized steel for superior corrosion resistance and longevity.
- Comes with complete assembly hardware for easy installation.
- Includes two mounting brackets and a third stabilizing leg for added strength.

**Material:**

- 1-1/4" x 12-gauge galvanized steel

**Mounting Compatibility:**

- Compatible with masts ranging from 1" to 1.75" in diameter
- Recommended for use with masts measuring 1.25" to 1.50" for best results

**Included in Package:**

- (2) Y-Style Mounting Brackets
- (1) Third Stabilizing Leg
- Assembly Hardware

**Applications:**

- Mounting antennas, security cameras, temporary lighting, weather stations, etc... accepted for residential and commercial use
- Providing stable wall-mounted support for various pole mounted assemblies not limited to just antennas
